

## CITY OF MORRO BAY

CITY HALL  
595 Harbor Street  
Morro Bay, CA 93442

### **EMERGENCY CONSTRUCTION NOTICE:** **UNPLANNED FULL ROAD CLOSURE ON QUINTANA ROAD**

June 15, 2021

**What To Expect:** Out of an abundance of caution for public safety considerations, a portion of Quintana Road must be fully closed starting June 15 for up to two weeks. The City of Morro Bay Water Reclamation Facility (WRF) Pipelines project contractor has experienced unstable trenching conditions between 420 Quintana Road and Kennedy Way, making it unsafe to leave this stretch of Quintana Road open to vehicles. This road closure was not planned, and additional notices will be distributed as soon as more defined schedule information is available.

All businesses in the area will be accessible via Main Street or Kennedy Way. Please follow all posted signage and construction crew member directions.

**When:** Quintana Road will be closed between 420 Quintana Road and Kennedy Way, starting June 15 for up to two weeks. Construction hours remain Monday to Friday from 7 a.m. to 5:30 p.m.

**Why:** The City of Morro Bay is investing in the construction of the WRF Program that will protect our environment, and provide a safe, clean and reliable water supply for our community, both current and future generations. The WRF Program involves replacing the City's existing wastewater treatment plant with an advanced water purification facility that will create a drought buffer and will be capable of providing up to 80 percent of the City's water needs in the future.

The City is committed to clear communication and providing up-to-date information about construction activities. Construction notices will be regularly posted on [morrobaywrf.com](http://morrobaywrf.com). Please contact [wrfinfo@morrobayca.gov](mailto:wrfinfo@morrobayca.gov) or **877-MORROBAYH2O** with questions about the City's WRF Program, and a team member will get back to you within one business day. Thank you for your patience.
