

## CITY OF MORRO BAY

CITY HALL  
595 Harbor Street  
Morro Bay, CA 93442

### CONSTRUCTION NOTICE: EVENING CONSTRUCTION ON QUINTANA ROAD

May 21, 2021

In addition to daytime construction as part of the City of Morro Bay Water Reclamation Facility (WRF) Pipelines project, three nights of evening construction are scheduled on Quintana Road. The WRF Program is the largest-ever City infrastructure program, and will meet state water and wastewater regulations, protect the environment and contribute a safe and reliable water source for Morro Bay's residents and businesses.

**What To Expect:** To efficiently complete specific construction activities, evening construction is scheduled on Quintana Road from Main Street to Kennedy Way on May 25, 26 and 27, 2021.

The road will remain open to one-way southbound traffic, and the posted detour for northbound traffic is Kennedy Way to Main Street and Dunes Street. For safety, flaggers will direct traffic through the work zone. During evening construction, please expect delays as traffic will share the southbound lane with heavy construction equipment. Please follow all posted signage and construction crewmember directions.

**When:** Evening construction is scheduled from 5:30-10:30 p.m. on May 25, 26 and 27, 2021.

**Why:** The City of Morro Bay is investing in the construction of the WRF Program that will protect our environment, and provide a safe, clean and reliable water supply for our community, both current and future generations. The WRF Program involves replacing the City's existing wastewater treatment plant with an advanced water purification facility that will create a drought buffer and will be capable of providing up to 80 percent of the City's water needs in the future.

The City is committed to clear communication and providing up-to-date information about construction activities. Construction notices will be regularly posted on [morrobaywrf.com](http://morrobaywrf.com). Please contact [wrfinfo@morrobayca.gov](mailto:wrfinfo@morrobayca.gov) or 877-MORROBAYH2O with questions about the City's WRF Program, and a team member will get back to you within one business day. Thank you for your patience.
