

## CITY OF MORRO BAY

CITY HALL  
595 Harbor Street  
Morro Bay, CA 93442

### CONSTRUCTION NOTICE: Las Tunas Street Near Quintana Road

May 7, 2021

On Monday, May 10, for approximately two weeks, Southern California Gas Company (SoCal Gas) will be working at Las Tunas Street near Quintana Road as part of the City of Morro Bay Water Reclamation Facility (WRF) Pipelines and Lift Stations project.

**What To Expect:** SoCal Gas is relocating a gas line on Las Tunas Street in preparation for the construction of the WRF Pipelines, which will be constructed in segments on Quintana Road. During this utility relocation work, residents on Las Tunas Street and Balboa Street between Butte Avenue and Kings Avenue should use Kings Avenue for access. Please follow all posted signage and crew member directions near the work zone and expect delays in the area. All businesses will remain open and accessible.

**When:** This utility relocation work is scheduled to begin on Monday, May 10, 2021 and will take approximately two weeks. Work is scheduled Monday to Friday from 7 a.m. to 5:30 p.m.

Once SoCal Gas completes the utility relocation work, the City will begin construction activities related to the tunneling work to be done under the roundabout on Morro Bay Boulevard.

**Why:** The City of Morro Bay is investing in the construction of the WRF Program that will protect our environment, and provide a safe, clean and reliable water supply for our community, both current and future generations. The WRF Program involves replacing the City's existing wastewater treatment plant with an advanced water purification facility that will meet state regulations, protect the environment, and contribute a safe and reliable water source for Morro Bay's homes and businesses. The project will create a drought buffer and will be capable of providing up to 80 percent of the City's water needs in the future.

The City is committed to clear communication and providing up-to-date information about construction activities. Properties along the construction area will receive printed notices before work begins near their address, and construction notices will be regularly posted on [morrobaywrf.com](http://morrobaywrf.com). Please contact [wrfinfo@morrobayca.gov](mailto:wrfinfo@morrobayca.gov) or **877-MORROBAYH2O** with questions about the City's WRF Program, and a team member will get back to you within one business day.
