

Project Description

A revegetation concept for the Bike Path located in Morro Bay, California. The work area is generally a 70ft. wide easement, approximately 1/2 mile in length bordered by Caltrans ROW and the PG&E / Vistra properties. The proposed planting scheme will revegetate open areas with various trees and native shrubs. Other landscape treatments include decorative rock, boulders, a native hydroseed mix and bark mulch. The existing bike path alignment shall be retained.
